

The Protec II Safes can be placed under a desk thanks to its design which is compatible with intelligent space and elegant style. In addition, by introducing a new concept about data disk storage and information maintenance, we are broadening the demand for the entire safe market. The main body of the safe is simple but all parts are graced with soft curves. The key sensor area expresses functionality with the easy-to-use angles completed by chrome finish.

** Allow approx. 1 1/2" for dials and handles*
